

**2020 AAP Annual Meeting
Quick Poster & Electronic Submissions Guide
Available online at www.academicpsychiatry.org**

Electronically-submitted posters are hyperlinked below.
To see posters with full descriptions, authors as well as links to electronically-submitted posters, please click here.

Poster 1
Mentoring the Millennials: A Perspective from Faculty of Two Psychiatry Residency Programs

Poster 2
[Providing Education in Safe Settings: A Framework for Postgraduate Programs to Promote Resident Clinical Care Safety and Wellness](#)

Poster 3
Implementing an Educational Intervention to Improve the Care for Sexual Assault Victims

Poster 4

Psychiatric Relevance to Other Medical Specialties: A Medical Student Teaching Guide

Poster 5

Educating Students at Community Clinical Sites in the "Hood": Reducing Inequity in Health Outcomes by Understanding the Communities We Serve

Poster 6

Interprofessional Simulation of a Psychiatric Behavioral Emergency

Poster 7

[Multidisciplinary Autism Consultation Clinic: A Novel Approach to Access to Specialist Care](#)

Poster 8

[Bridging the Access to Psychiatric Care Gap: Resident-Led Hispanic Clinic Model](#)

Poster 9

[Reducing Treatment Inequity of Substance Use Disorders through Education](#) + [SUPPLEMENT](#)

Poster 10

[Improving the Quality of the Quality Improvement Curriculum for Third Year Residents](#)

Poster 11

[Training Trauma-Informed Peers: Efficacy of a Peer-to-Peer Model for Teaching Trauma-Informed Care](#)

Poster 12

A National Survey of Psychiatry Program Directors and Trainees on Diversity and Inclusion

Poster 13

[PRITE Review & Remediation – A Resident Driven Remedy](#)

Poster 14

[Teaching Clinical Suicide Prevention Skills to Pre-Clerkship Medical Students to Reduce Inequity](#)

Poster 15

New ACGME Quality and Safety Requirements Require New Residency Curriculum and a Practice Project

Poster 16

Supporting Trainees Following the Death of a Patient

Poster 17

[Brief Addiction Psychiatry Curriculum for Postgraduate Year One \(PGY-1\) Residents](#)

Poster 18

Emergency Psychiatry Fellowship: Curriculum Organization and Standardization

Poster 19

[Reaching the Underserved: The Development of Culturally Appropriate Mental Health Education and Engagement in an Underserved Community Setting](#)

Poster 20

[Innovative Psychiatry Clerkship Curriculum: Incorporating Community & Social Determinants of Health](#)

Poster 21

Building Resilient Residents and Fellows: Joining Perspectives and Building Competencies through Interprofessional Case Collaboration and Peer-Supervision with Psychiatry and Psychology Trainees

Poster 22

[Choose Your Own Adventure: Interactive Didactics](#)

Poster 23

[Screening, Brief Intervention, and Referral to Treatment \(SBIRT\) Education for Substance Use Disorders on the Consultation-Liaison Psychiatry Service](#)

Poster 24

[How Do I Teach Quality Improvement to Psychiatry Resident Physicians? A Realist Review Sub-Analysis of Peer-Reviewed and Grey Literature](#)

Poster 25

[A Medical Spanish Educational Module Targeting Mental Health](#)

Poster 26

Cyber-Stalking of a Resident Physician—A Case Study: Enduring Effects, the Process for Protection & Recovery

Poster 27

Engaging Medical Students in Curriculum Development: A Learners' Perspective

Poster 28

Efficacy of Multimedia Asynchronous Learning in Medical Students

Poster 29

[Making Wellness a \(Virtual\) Reality: Multimodal Mindfulness Training in Healthcare](#)

Poster 30

Assessing and Increasing Knowledge Base and Comfort Level in Treatment of Perinatal Mental Illness: An Educational Intervention for Obstetric/Gynecology Residents

Poster 31

[Creating and Evaluating a Psychiatry Observership Program for International Medical Graduates](#)

Poster 32

[A Systematic Approach to Unveiling the Hidden Curriculum in Medical Education: Using Computer Science to Detect and Reduce Bias](#)

Poster 33

[Bring Your "A" Game - A Pilot Trainee Clinic for Psychiatric Asylum Evaluations](#)

Poster 34

[Psychiatry Residents' Perceptions on Discussing Social Media Use with Adolescents and Young Adults](#)

Poster 35

[Effects of Residents Teaching Psychiatry Clerkship Didactics on Osteopathic Medical Students' COMAT Scores](#)

Poster 36

[Creating an Evidence-Based Algorithm for Neuroleptic Initiation for PGY-1 Residents to Increase Resident Confidence in Making Treatment Recommendations](#)

Poster 37

GSPEAK - The Impact of Geriatric Standardized Psychiatric Experiences on Attitudes and Knowledge

Poster 38

To Retreat or Not to Retreat: Strategic Use of Resident Retreats as a Wellness Tool with Cues from the Corporate World

Poster 39

[Longitudinal Matters: Qualitative Perspectives on the Longitudinal Clinical Experience in a Psychiatry Residency Training Program](#)

Poster 40

[Math Club: Enhancing Psychiatry Residents' Confidence and Ability in Interpreting Quantitative Statistics](#)

Poster 41

The Great Debate: Teaching Medical Students Ethical Decision Making

Poster 42

[Leveraging Technology to Improve Residents as Teachers with Just In Time Teaching Tip Emails](#)

Poster 43

[Improv and Talk: A Novel Pilot Wellness Activity for Medical Students](#)

Poster 44

[Mentorship Effectiveness Scale: A Important Tool for a Productive Mentor-Mentee Partnership](#)

Poster 45

[The Utility of a Psychiatry Faculty-Resident Clinical Skills Co-Tutoring Model for Enhancing Resident Teaching Skills](#)

Poster 46

[Bridging the Education Gap For Medical Students By Psychiatric Residents: A Quality Improvement Project to Educate, Enhance, and Energize](#)

Poster 47

[Does Inter-Rater Reliability Improve through the Completion of a Self-Directed Online Training Curriculum for Evaluators Conducting American Board of Psychiatry and Neurology Clinical Skills Evaluations?](#)

Poster 48

[A Medical Student Mental Health Survey: Effects of Delays in Care on Burnout and Depression](#)

Poster 49

[The Development of a Post-Graduate Physician Assistant Training Program in Psychiatry](#)

Poster 50

Storytelling for Communication and Community

Poster 51

[Use of Role-Play Based Learning Modules for Beginning Psychiatry Residents on Inpatient Psychiatry Units](#)

Poster 52

Design and Impact of a Research Rotation for Psychiatry Residents

Poster 53

Improving Health for Transgender and Gender Diverse Youth through a Proposed Integrated Care Curriculum

Poster 54

[Women Physicians LEAD \(Leadership, Empowerment, Alliance, Development\)](#)

Poster 55

[Mental Health Service Utilization Among Medical Students in Ohio](#)

Poster 56

[Can We Teach Medical Students to Work Better in Teams? Following Trends in Assessment of Medical Student Interprofessionalism with Iterative Changes in Interprofessional Education Curriculum](#)

Poster 57

[Strategies for Improving Metabolic Monitoring in Outpatient Psychiatry Patients on Second Generation Antipsychotics](#)

Poster 58

[We Can Work It Out: Maintaining Therapeutic Alliance in Times of Disagreement](#)

Poster 59

[Improving the Psychiatry Clerkship Experience: A Survey Study of Graduating Medical Students](#)

Poster 60

Development and Implementation of a Standardized Patient Curricula to Train Medical Students on Obtaining a Patient Trauma History

Poster 61

[Mindfully Evolving, Thriving, and Advocating \(META\) – A Novel Introductory Course for Medical Students](#)

Poster 62

[Hiding in Plain Sight: Teaching Residents How to Respond to a Patient with a Concealed Firearm](#)

Poster 63

Psychiatric Advance Directives: Development of a Workshop to Educate and Equip Trainees in Implementation of Advance Care Planning Among Persons with Severe Mental Illness

Poster 64

[Enhancing Psychiatry Education through Podcasting: Learning from the Listener Experience](#)

Poster 65

[Passing on the Message: Improving Patient Handoffs Among Psychiatric Residents](#)

Poster 66

[Educational Module on ADHD: Neuroscience Simplified](#)

Poster 67

[We Are Family \(Therapists\): A Novel Inpatient Multifamily Group Therapy Training Experience for Psychiatric Residents](#)

Poster 68

[Beyond the Duty of Call: Examining Psychiatry Residents' Experiences of On-Call Supervision](#)

Poster 69

[Teaching Trauma Online: Adapting Knowledge-to-Action Methodology for the Creation and Evaluation of Online CPD](#)

Poster 70

[The Minnesota Arc: An Online Module for Teaching the Clinical Interview](#)

Poster 71

Trauma-Informed Care is for Everyone, Especially Medical Students

Poster 72

[Implementation of the Advanced Psychiatry Pathways Longitudinal Experiences \(APPLE\) Taskforce: Curriculum Redesign and Track-Based Experiences](#)

Poster 73

[Designing and Implementing a Novel PGY-1 National Neuroscience Curriculum Initiative \(NNCI\) Resource-Based Neuroscience Didactic Curriculum](#)

Poster 74

[Implementation of a Novel Multi-Class Longitudinal Learning Track-Based Psychiatry Journal Club Curriculum](#)

Poster 75

The Advocacy Mentoring Initiative: An Evaluation of Attitudinal and Skill-Based Changes in Medical Students Who Are Mentors to Youth Raised in “At-Risk” Environments.
