

Esther Akinyemi, MD

Director of Psychiatry Residency Training
Henry Ford Health System
Clinical Assistant Professor
Wayne State University

Esther Akinyemi, MD is a geriatric psychiatrist and an educator with the Henry Ford Health system. She has had experience working with geriatric patients in the outpatient as well as inpatient setting. She is a passionate educator who currently serves as the training director for the psychiatry residency program. She also serves on the ethics committee for the Henry Ford main hospital. Her interests include optimizing care for the elderly population, providing evidence-based care to medically ill patients and training others to do the same.
